## Visiting Students in Upper School Policy

Revised August 2019

Visiting Students in Upper School Policy August 2019.doc

### The purpose of this policy

Norwich Steiner School is a young (opened in 2005) and friendly school, which offers a full Waldorf Curriculum, uncompromised by the National Curriculum. Students may instead study for the fully accredited Level 3 New Zealand Certificate of Steiner Education NZCSE (formerly known as the Steiner School Certificate (SSC)). The school is located close to the centre of Norwich, an attractive city situated in Norfolk, in the East of England. The city is culturally rich, hosting a vibrant music and arts life. The surrounding area is recognised for its natural beauty. Norwich has its own airport and good rail and bus links to London.

Norwich Steiner School welcomes visiting students of all ages and any parent who is interested in sending their child to the school, should contact us by email, phone or through the website.

This policy is specifically aimed at supporting older pupils (age 14-19) who may wish to spend time at this school but who do not have their parents with them. The school is not registered as a boarding school but can act as an intermediary to help find accommodation with one of our pool of host families, who are normally either teachers or parents of the school, as well as providing *in loco parentis* care.

In order to be flexible and to fit the needs and wishes of visiting students and their families, we offer educational visits for pupils 14-19 years of age, from three weeks to one or more years, although the recommended minimum is six weeks.

The school may accept children from non-European Economic Area countries for enrolment, provided that they have the Home Office's permission to study in the UK.

### Essential legal information for parents of children under 16

For pupils under 16 years of age living with someone who is not their parent for 28 days or more, it is a legal requirement for a private foster care arrangement to be established between the host family and the parents of the child. The school can facilitate this process by contacting Norfolk Social care (ideally 12 weeks before the visit takes place) and notifying them of the pupil details and the host family details. When the Local Authority receives notification about a private fostering arrangement, arrangements will be made for a social worker to visit the child within seven working days. They will contact the parent or person with parental responsibility, run checks on the host family and talk to the young person. This will be to ensure the young person is happy, safe and thriving in the arrangement. The Local Authority will also check that the accommodation is safe and suitable and enable the carer to access suitable training if required. Providing everything is in order, the family will continue the arrangement with the social worker providing checks at regular intervals to ensure the young person is safe, happy and has access to all the services to meet their needs.

## Money matters

- An administration fee of £50 (sterling) is due once the student has been offered a place and before we put parents in touch with hosting families or make any other arrangements.
- School fees for visiting students are the same as for our regular students and are currently £207.00 per week (pro-rata the full year fee of £7,455) for the academic year 2019-20
- Board and lodging in the home of an approved\* family. Our guide price for hosts is £160 per week. This is a basic rate to cover all food and accommodation costs.
- Some host families are able to offer 'Accommodation Plus'. This means that they are willing to do more than provide a host family setting. 'Accommodation Plus' is offered by families who will ensure visiting pupils get an opportunity to do trips to see the locality (for example, the coast and the Norfolk Broads, and to visit places such as Cambridge and London (depending upon the length of visit and needs of the individual pupil). Host families of Accommodation Plus may also be able to spend more dedicated time assisting pupils to improve their English. The cost of Accommodation Plus is £200 per week. However, please note any extra costs that are involved in making trips or doing things e.g. buying tickets or entries into places visited i.e. theatre, swimming pools and so on, still need to be covered by the student.
- Pocket money is the parent's responsibility, and it should be agreed beforehand with the host family as to how and when pocket money is to be provided.
- Pupils flying into Stansted (the nearest international airport to Norwich) can usually be collected by either the host parents or a member of staff; however, as this still involves a 160-mile round trip, there is an additional charge for this service of £65 for each journey. Alternatively there is a bus from Stansted airport to Norwich, which costs around £35 for a return journey.
- The costs of class trips are not included in the school fees. Once we know a pupil's proposed dates, the school will notify parents of any planned class trips or activities, and their associated costs.

\* Approved host family – Norfolk Social Care carry out full checks on all families where the visiting student is under 16 years of age and is staying in the UK for 28 days or more. However, Norwich Steiner School will undertake to collect references and carry out DBS checks on the host parents of any family offering accommodation to pupils falling outside of Norfolk Social Care's remit.

## The Application Process

1. Please first get in touch with us by expressing your interest. We will discuss with you the needs of your child, including your preferred dates and any special requirements. If you wish to pursue an application after this initial contact, we will send you an application form to complete.

- Phone +44 603 611175
- Email [reception@norwichsteinerschool.co.uk](mailto:reception@norwichsteinerschool.co.uk)
- In writing: Norwich Steiner School, Hospital Lane, Norwich, NR1 2HW, UK
- Via the website contact page: <http://norwichsteinerschool.co.uk/contact/>

2. Alternatively, you can download an application form direct from our website. If your child has any special requirements, including health, social or learning, it is important that you let us know as early as possible. We may phone or email you at this stage. We may also request direct contact with your child's regular teacher.

3. If you are applying from non-European Economic Area countries for enrolment, you will need to contact the Home Office and gain its permission for your child to study in the UK. The school will need evidence that this process has been completed before being able to offer a place to your child.

4. Once we have the relevant information, teachers and the upper school guardians will take a decision as to whether the school can offer a place to your child, subject to their needs and to there being a suitable host family available to accommodate them during their visit.

5. If you would like to accept this place, we will need you to transfer 50GBP sterling to the school, which is a non-refundable administration fee to coordinate your child's visit to and whilst in the UK.

We will put you in touch with the potential host family. If your child is under 16 we will contact Norfolk Social Services and support the process for a private foster care arrangement to be put in place between yourself and the host family. The School will undertake to collect references and carry out DBS checks on the host parents of any family offering accommodation to pupils falling outside of Norfolk Social Care's remit.

6. In advance of your child's arrival in the UK, fees and accommodation costs must be paid. This can be by direct transfer to the school's bank account. If for any reason your child's visit ends early, we will refund in full any unused funds. So for example, if you pay for a 12 week visit (School and accommodation fees) but your child returns home after only 6 weeks, the school will refund the 6 unused weeks of funds paid for accommodation and school fees.
