<sup>1</sup> The School constitution is not a legal document, but is a reflection of the organisational structure. As a limited company and a charity we are legally bound by our memorandum and articles of association.

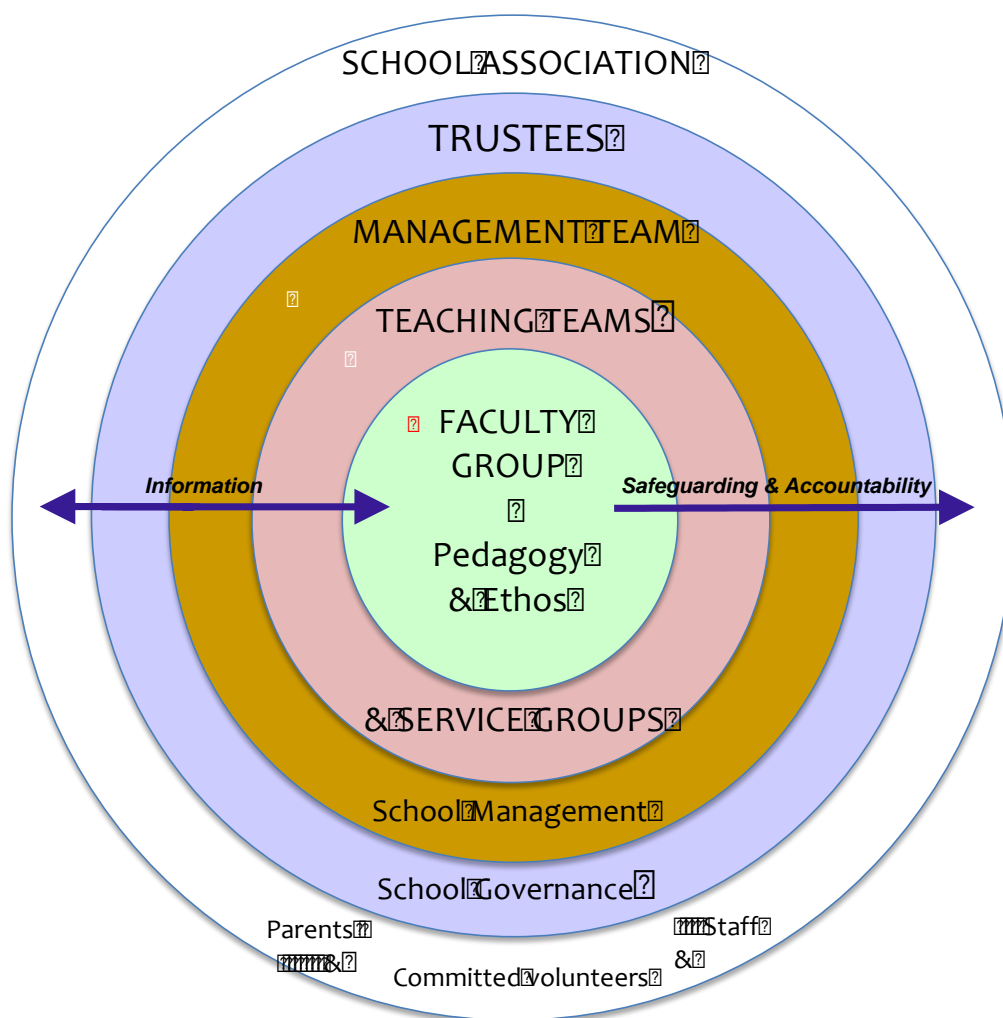

# 1. Overall organisational structure

Rudolf Steiner gave two main indications for the running of a school:

- In the first he said that teachers and those running the school should try to make decisions *together* rather than one person, such as a headmistress or master being in charge.
- The second indication Steiner gave is that the teachers should be involved in the *running* of the school, to help them remain connected with real world practicalities and to keep their teaching relevant to the age in which they lived and taught, but also to ensure that child pedagogy was held central in the decision-making process.

Taking into account the modern framework of legislation and regulation, Norwich Steiner School still strives to incorporate these basic principles into the structure of the school. It does this through having strong Governance and Management to ensure there are clear lines of responsibility and accountability, but throughout the school, staff are encouraged to share in responsibility for pedagogy, collegial working and the safe and effective running of the school.

The overall School structure can be seen as a nested hierarchy, schematically represented as follows:

## 2. School Association

### Job specification

The School Association is a heterarchical (i.e. non-hierarchical) *Community of Interest*, and a legal reflection of a representative proportion of staff and parents drawn from across the school, up to a current maximum of 100 members”

The purpose of the association is to

### **represent the interests of its members**

It does this by hosting<sup>2</sup> a General Meeting once a year to do the following:

- Appoint members of the School Governance Team;
- Hold them accountable for the effective governance of the school through a review of last year and a preview of the coming year;
- Pass the accounts and appoint external auditors.

### Meetings

Under normal circumstances, the Association should only meet once a year at its General Meeting.

The ‘School Association’ (a legal entity) that meets once a year, should not be confused with the ‘School Community’ (a non-legal entity), which can gather together at any time (e.g. a festival, a fundraising event or a consultation meeting called by one of the teams in the school).

### **Person Specification**

The School Association aims to have a fair representation of parents and members of staff currently involved with the school. Membership is of the limited company the Norfolk Initiative Steiner School, which entails a limited financial liability, and is thus by application. Membership of the School Association automatically ceases when the child/children of the parent or the member of staff leaves the school.

---

<sup>2</sup> The practical aspects of ‘hosting’ (e.g. setting a date, preparing and distributing an agenda, facilitating the event) is either undertaken by the School Governance Team or delegated by them to someone else, and in compliance with the Companies Act 2006

## 3. School Governance Team

### Job Specification

The School Governance Team (Board of Trustees) is responsible for the effective governance of the school. The current trustees are Tracy Moulton (Chair, Concerns & HR), Lucy Parker (Finance, SEND, Safeguarding), Kate Smith (Early Years) and Sue House (Health & Safety).

It is the employer of all members of staff.

It delegates responsibility for the effective management of the school to the Management Team, including the recruitment of staff.

The purpose of the School Governance Team is to hold an awareness of and make decisions about **what is in the best long-term interests of the whole school**, guided by the school's **Constitution and Statement of ethos**.

This involves keeping an appropriate distance from the day-to-day (implementation) and management activities of the school, whilst remaining aware of what is going on.

This is achieved by ensuring that there is good documentation (e.g. team plans, meeting agendas/minutes or reports, policies and procedures), and an effective School Management Team.

### Meetings

The School Governance Team should meet a minimum of six times a year, at the beginning and end of each term.

### Person Specification

Ideally, this team should comprise between 3 and 7 people who are able to collectively represent the best long-term interests of the school. To avoid any possible conflicts of interest, all members of this team should be as independent and external as possible. Ideally, they should be people who have no current financial, professional, social, family or other vested interest in the school.

The members of the School Governance Team are Trustees of the Charity and Directors of the Limited Company.

## 4. School Management Team

Management team has been appointed directly by and is accountable to the School Trustees. The current members of management team are: Sandie Tolhurst, Sarah Brocklehurst, Andy Hayward-Rutter, Michael Higgins, Sarah Higgins, Gabrielle Shinton and Wendy Madelin.

### **Current Areas of Individual responsibility within Management team:**

- Andy Hayward-Rutter – Kindergarten
- Gabrielle Shinton – Lead DSL
- Michael Higgins – Quality of Education
- Rob Brown – Quality of Education
- Sarah Brocklehurst – Quality of Education
- Sarah Higgins – Quality of Education
- Sandie Tolhurst – Chair, Finance, Premises, Health & Safety
- Wendy Madelin – Concerns, Personnel

### **Changes to Membership**

New members may be appointed by the Trustees or be co-opted to join Management Team by those already serving on it. Members are usually chosen because of responsibilities they hold, either as part of their job, or when they have evolved or taken on a role in problem solving which goes beyond the specifics of their own work.

The maximum size of Management Team will be 6 members, with a minimum of 3. At least 75% of management team will comprise employees.

There is currently no formal application process for management team; this may change over time. Additional members may be co-opted onto the management team, particularly if it becomes apparent that someone is performing a role central to the well-being of the organisation.

Drastic or dramatic changes have been avoided in the above, in order to ensure stability is retained in the organisation's running & that valuable experience in management isn't sacrificed in the process of effecting change.

### **Resignation from membership**

Ideally any member wishing to stand down from Management Team should give as much notice as possible; however, it is understood that circumstances may dictate and so members will be entitled to step down with as little as one weeks notice if necessary.

### **Frequency of meetings**

The Management team will generally meet weekly or fortnightly during term time.

### **Decision Making**

Management team will follow the process below when making decision:

1. Where possible, decisions will be taken on the basis of finding a consensus.

2. Where no consensus is reached and in the event of a decision needing to be taken, a majority vote will be used.

## **Reporting mechanism**

Members of Management team share responsibility for ensuring minutes are taken at meetings.

Management team will report to the Governors by the following methods & frequencies:

- Minutes – the full confidential version
- Verbally – by a nominated member of staff attending the Governors meetings as requested or necessary
- Via special reports – which will be written by whichever management team member is most appropriate

Other than to trustees, the minutes will not be circulated, but points arising will be actioned and shared with others as relevant to the individuals.

## **Functions of Management Team & Delegated authority**

Each management team member is responsible for reporting to and keeping their trustee counterpart informed.

Where Management Team identifies decisions or actions that require knowledge or training that they do not collectively possess, they will notify the trustees and ask for assistance.
