

Norwich Steiner School

HEALTH and SAFETY POLICY

Reviewed April 2025

Statement of Intent

Our Health and Safety policy is to:

Manage health & safety risks in the school environment, for both staff members and pupils alike.

Provide clear instruction and training to ensure all staff members are competent to do their work.

Provide a safe and secure school environment for all pupils.

Ensure robust safeguarding procedures are sensitively applied, allowing for all ages of children. This will include the provision for Designated safeguarding leads.

Provide pupils with a calm, safe, secure and inclusive environment, allowing the school to deliver a sound education based on its core values.

Create and encourage a culture of wellbeing for all staff members and pupils.

Implement emergency evacuation procedures in case of fire or other significant incident.

Where appropriate or necessary, provide appropriate P.P.E for both staff members and pupils alike.

Provide and maintain a safe and secure building and environment.

Provide effective levels of health & safety and wellbeing, during activities that take place offsite.

Norwich Steiner School recognises and accepts its responsibility for providing a safe and healthy environment for all its employees, volunteers, parents, children, pupils, visitors, contractors, and members of the public.

The Health and Safety policy will be reviewed on an annual basis, or sooner, as a result of significant change(s).

Norwich Steiner School

Responsibilities for Health and Safety

Norwich Steiner School (Employer)

The employer will aim to provide all staff with adequate training and equipment with which to carry out their roles within the school.

Norwich Steiner School provides a formal platform to raise and discuss Health and Safety issues by means of consultation during regular staff meetings and management and trustee meetings. All such meetings are minuted.

The current Health and Safety Officer whose role it is to take overall responsibility for Health and Safety, is Wendy Madelin (Administrative Manager).

Norwich Steiner Schools Health and Safety Policy will help promote and develop an inclusive and collective approach to Health and Safety.

Health and Safety Officer

The duties of the appointed Health and Safety Officer include:

- Risk Assessing
- Document control
- Managing Health and Safety Policy
- Enforcing Health & Safety procedures and practices, whilst onsite.
- Reviewing and updating Health and Safety procedures and documents

Employees

- All employees must cooperate with the Health and Safety officer (Administrative Manager).
- Employees must take reasonable care for their own health and safety and others.
- Report all Health and Safety concerns to the Health and Safety officer. Issues can also be raised during formal staff, management, and trustees' meetings.

Others (Visitors, contractors, and agency staff)

All other persons have a responsibility for their own health and safety whilst on site, and all other persons around them. When arriving onsite, individuals will be made aware of their personal responsibilities, whilst on school grounds.

Reference/Consultation

The content of the health and safety policy was developed after due consultation and consideration. Sources of reference include:

- Staff members of Norwich Steiner School
- The Management of Health and Safety at Work Regulations 1999 (MHSWR).
- The Health and Safety at work act 1974.
- The workplace (Health, Safety, and welfare) Regulations 1992.

Norwich Steiner School

- Health and Safety-First aid regulations 1981.
- Keeping Children Safe in Education 2024 (Statutory guidance for schools and colleges)
- The Health and Safety (display screen equipment) regulations 1992
- Department of Education – Health and safety advice for schools

We will consult with staff routinely on all health and safety matters as and when issues arise. We will also consult with all staff members as part of each formal annual Health and Safety Policy review.

All staff are encouraged to report any concerns relating to health and safety. The Health and Safety officer will discuss their concerns directly and move to review, update policy/docs where needed. Updates to the health and safety policy prior to the annual review are encouraged where there is evidence of a significant change. Our aim is to promote an open-door policy, allowing for a more collective approach.
